

GLOBAL INSTALLATIONS

A list of our Global Installations featuring our strength & cardio vascular equipment, including the finest Clubs, Spas, Universities, Hotels, Corporations and Medical Facilities and Athletic Teams in the world.

GLOBAL INSTALLATIONS

WORLD LEADER

Product leadership, innovation and customer satisfaction: These are our values. It is these values that drive Cybex to engineer, manufacture, market, and service the finest human performance products in the world, as measured by our customers.

For the past three decades Cybex International, headquartered in Medway, MA, USA, has been recognized as the world leader in the design and manufacture of premium quality, state-of-the-art cardiovascular equipment, biomechanically correct strength training equipment, and human-movement fitness equipment.

HELPING CUSTOMERS MEET THEIR OBJECTIVES

Cybex and the Cybex Institute, a training and research facility are dedicated to improving human performance through research and education. Based on the diverse goals and needs of individuals of varying physical capabilities, Cybex designs and engineers each of its products and programmes to reflect the natural movement of the human body, allowing for variation in training and assisting each unique user-from professional athletes to rehabilitation patients - to improve their quality of life. It is Cybex goal that our products and services help our customers meet their objectives. That is why we provide such a broad range of fitness products that meet the many needs and requirements of the finest clubs, spas, hotels, medical facilities, athletic teams, universities and corporations in the world.

Offering the highest quality products means nothing to our customers unless they are backed by reliable sales and service.

Having experienced and respected sales and service people who know the unique demands of their home country ensures that all of our customers receive a customer-service and warranty program that is second to none in the fitness industry.

GLOBAL FITNESS

By offering the highest quality fitness products we help those who use them look better, feel better and improve their Functional capability. In fact, when we talk to people of all nationalities about the product we design, manufacture, sell and service, we have one common thing to communicate – Cybex provides the customer with a superior experience with maximum results. Providing a consistently positive workout experience motivates people to work out more, and fitness facilities around the world know that the key to a successful long term exercise programme is to create and sustain motivation. It is good for members, and good for the facility – and Cybex products help make it possible.

BELIEVE THE EXPERTS

Saying we make the finest human performance products in the world is one thing. Proving it is another. That is why quality is not measured by us, but rather by our customers. The following pages provide you with a sampling of our worldwide customer base. These customers are the experts when it comes to Cybex products and services. We encourage you to contact them to find out more about Cybex, and once you do, we look forward to the opportunity of serving you and adding your name to this prestigious list.
